October 8, 2020

Dear Auburn Village School Families and Staff,

We have been informed that, as of this afternoon, the New Hampshire Department of Health and Human Services is still in the process of completing the contact tracing process. It appears that it will not be completed until sometime tomorrow. Subsequently, we will continue with our remote learning schedule on October 9.

Principal Collins will be communicating additional information shortly.

Sincerely,

William J. Rearick  
Superintendent of Schools
